Persons desiring information pertaining to the operation of any school in Stafford County should go to the office of the principal of the school concerned and ask for said information or guidance in the proper procedure in securing same. The central office staff will refer persons desiring information concerning the operation of a school to the principal of that school.

Information desired that may be of a divisionwide nature should be obtained by contacting the superintendent of schools. If satisfaction is not secured at this level then the matter may be referred to the Stafford County School Board.
